OTAN Symposium Ideas   collated by Sonia Ortega, March 2017

Name	Type	Audience	Purpose
Jeopardy Labs	Website	Teachers	Find jeopardy games for your class.
Padlet	Website/App	Teachers & Students	Create an interactive bulletin board where students can post, view other posts, make comments.
TodaysMeet	Website	Teachers & Students	Post a topic or question that students can respond to with their own comments or questions.
OneDrive	Website, App	Teachers & Students	Teachers can use to manage their files, students can share documents with the teacher and each other.
Quizlet Live	Website	Students	Students form groups to compete in answering questions correctly. Students work in teams, not individually.
Kahoot	Website	Teachers & Students	Create quizzes for the classroom; now with a jumble feature. Idea from presenter: make a Kahoot quiz with your student pictures and quiz the class on student names. Repeat when new students join the class.
Canva	Website	Teachers & Students	Create logos and simple documents. Could be used for classroo materials or for student projects.
Google Draw	Website	Teachers & Students	Drawing program in Google Drive.
Google Keep	Website, App	Teachers	Can keep track of documents, files, pictures, videos, etc. Has an OCR so that you can scan a photo of something and then copy and paste it as text into another program.
Publitas	Website	Teachers	Turn PDFs into online books. Can include hyperlinks to other parts of the document or other websites.
FutureMe	Website	Teachers	Write an email to yourself that will be delivered in the future. Can use it as a reminder to implement certain techniques.
Nearpod	Website/App	Teachers & Students	Use to create interactive presentations where students can respond using their cellphones.
Thinglink	Website	Teachers & Students	Annotate videos and photos with links to videos, sounds, text, etc.
Epic!	Website	Students	Ebooks
Edmodo	Website	Teachers & Students	There are lot of cool new features to try.
Remind	Website/App	Teachers & Students	Communicate with your entire class
Poll Everywhere	Website	Teachers & Students	Class polls.
